Dear Mr. Klimcsak:

Please find enclosed the revised Kirkwood Lake Work Plan. Sherwin-Williams has prepared this revised Work Plan to address sampling activities proposed for Kirkwood Lake located in Voorhees Township and Lindenwold Borough, New Jersey (NJ). The initial Work Plan was submitted on July 30, 2007 to the United States Environmental Protection Agency – Region II New Jersey Remediation Branch (USEPA). Sherwin-Williams received the USEPA comments on August 29, 2007. A draft revision of the Work Plan was submitted on September 5, 2007 and additional EPA comments were received on September 11, 2007. This revision addresses the comments in both letters and on the items discussed during the September 13, 2007 conference call between USEPA and Sherwin-Williams.

Should you have any other recommendations or if you have any questions or comments, please do not hesitate to contact me at (216) 566-1794 or via e-mail at [mlcapichioni@sherwin.com](mailto:mlcapichioni@sherwin.com).
